interplay between metal ions and nucleic acids - editors astrid sigel department of chemistry inorganic chemistry universität basel spitalstrasse 51 ch-4056 basel switzerland astridgel@unibas **interplay between metal ions and nucleic acids - springer** - editors astrid sigel department of chemistry inorganic chemistry universität basel spitalstrasse 51 ch-4056 basel switzerland astridgel@unibas **metal ions in life sciences - springer** - role of metal ions in life sciences. trna synthetases are not only essential to life, but also serve as a target for novel classes of drugs making such rna-protein complexes crucial also for the health sciences. **promise: a database of information on prosthetic centres ...** - 376-381 nucleic acids research, 1998, vol. 26, no. 1 1998 oxford university press promise: a database of information on prosthetic centres and metal ions in protein active sites **christopher m. andolina, ph.d. - chem.pitt** - dissertation title: *ln(iii) ions as spectroscopic and paramagnetic probes for the elucidation of aqueous solution chemistry interactions with anions and nucleic acids* graduate mentor: janet r. morrow, ph.d. **predicting rna-metal ion binding with ion dehydration effects** - abstract metal ions play essential roles in nucleic acids folding and stability. the interaction between metal ions and nu- the interaction between metal ions and nu- cleic acids can be highly complicated because of the interplay between various effects such as ion correlation, fluctuation, and **metal ion-dependent dnazymes and their pplications a as ...** - a. sigel, h. sigel, and r.k.o. sigel, interplay between metal ions and nucleic acids , 217 metal ions in life sciences 10, doi 10.1007/978-94-007-2172-2_8, **zurich open repository and year: 2012** - players, the involved metal ions (section 2) and the nucleic acid ligating groups (section 3), various methods, that have been employed in the characterization of coordination sites, binding kinetics, and binding affinities will be summarized and discussed (sections 4, 5, and 6). **interactions of some metal ions with nitrogenous bases ...** - interactions of some metal ions with nitrogenous bases present in nucleotides yahya abdul majid* perry habeeb saifullah* date of acceptance 16/5/2007 abstract: - acidity constants at 30co and 0.125 ionic strength have been determined for the nitrogous bases of nucleic acid; cytocine, uarcil and thymine, and found to be 3.55 x10⁻¹⁹, 1.44 x10⁻¹⁹ and 7.24 x10⁻²⁰ respectively. stability ... **contents of volumes in the metal ions in life sciences series** - complex formation of nickel(ii) and related metal ions with sugar residues, nucleobases, phosphates, nucleotides, and nucleic acids roland k. o. sigel and helmut sigel **schriftenverzeichnis - chemies.rrze.uni-erlangen** - 42. mokhir, a.; richert, c.* synthesis and monitored selection of 5'-nucleobase-capped oligodeoxyribonucleotides. nucleic acids res. (2000), 28(21), 4254- **metal ions life sciences - fcaib** - will be reflected in the volumes of the series metal ions in life sciences. the importance of metal ions to the vital functions of living organisms, hence, to their health and well-being, is nowadays well accepted. **importance of diffuse metal ion binding to rna** - long-range, all counter ions are "bound" with all nucleic acids in a solution. therefore, the bound ions for an rna have been defined as the surrounding ions in excess of the bulk ion concentration. **journal - georgia institute of technology** - it is now well-known that metal ions are essential in a large variety of biological processes, including those with nucleic acids and their derivatives⁴ for example, dna polymerase contains
